The scheme will not invest in following securities:

Sr. No	Type of Instrument
1.	Short Selling in debt instruments
2.	Debt instruments with special features (AT1 and AT2 Bonds)
3.	Credit Default Swap transactions

The cumulative gross exposure through equity, debt (including money market instruments), derivative positions (including covered call options), foreign securities, units issued by InvITs, repo transactions in corporate debt securities and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the Scheme in accordance with Clause 13.8 of SEBI Master Circular for Mutual Funds dated March 20, 2026.

However, cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure in line with Clause 13.18 of SEBI Master Circular for Mutual Funds dated March 20, 2026. Further, SEBI vide letter dated November 3, 2021, has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

Pursuant to Clause 1.7 of SEBI Master Circular for Mutual Funds dated March 20, 2026, the Scheme may deploy NFO proceeds in Triparty repo on Government securities or treasury bills (TREPS) before the closure of NFO period. However, the AMC shall not charge any investment management and advisory fees on funds deployed in TREPS during the NFO period.

Pending deployment of funds of the Scheme, in securities in terms of the investment objective, and for margin purposes, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the clause 13.7 of the SEBI Master Circular for Mutual Funds dated March 20, 2026, as amended from time to time.

Timelines for deployment of Funds mobilized in a New Fund Offer (NFO)

The funds mobilized during the New Fund Offer (NFO) shall be deployed in accordance with the asset allocation pattern of the scheme within 30 business days from the date of allotment of units. In exceptional cases where the AMC is not able to deploy the funds within this period, shall provide an explanation, including details of the efforts made to deploy the funds, to the Investment Committee of the AMC.

The Investment Committee may, if deemed necessary, shall extend the deployment timeline by an additional 30 business days, in accordance with Clause 3.11 of SEBI Master circular for mutual funds dated March 20, 2026. While granting an extension, the Committee shall examine the root cause of the delay. However, an extension shall not be granted if the scheme's assets are liquid and readily available.

If the funds are not deployed as per the asset allocation specified in the Scheme Information Document (SID) within the stipulated and extended timelines, the following measures shall apply:

	Restriction on Fresh Subscriptions: The AMC shall not accept fresh inflows into the scheme until the funds are deployed as per the SID. Waiver of Exit Load: No exit load shall be levied on investors exiting the scheme after 60 business days of non-complying with the asset allocation. Investor Notification: The AMC shall inform all NFO investors about their option to exit the scheme without an exit load via email, SMS, or other appropriate communication channels. Reporting to Trustees: Any deviation from the deployment timelines shall be reported to the Trustees at each stage. Rebalancing due to Short Term Defensive Consideration: In line with Clause 1.9.1 (b) of SEBI Master Circular for Mutual Funds dated March 20, 2026 due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations only in terms of SEBI Master circular dated March 20, 2026. In the event of deviations, the fund manager will carry out rebalancing within 30 calendar days. Timelines for Rebalancing of Portfolios in case of passive breach: In the event of deviations from asset allocation due to passive breaches, the fund manager will carry out rebalancing within 30 business days. Where the portfolio is not rebalanced within 30 business days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of scheme is not rebalanced within the extended timelines, AMCs shall not be permitted to launch any new scheme till the time the portfolio is rebalanced. Further, no exit load shall be levied to the investors who exiting the scheme. Additionally, the AMC shall report the deviation to the Trustees at each stage. In case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of scheme, the AMC shall immediately disclose the same to the investors through SMS and email / letter including details of portfolio did not rebalance. Subsequently, the AMC shall also immediately communicate to investors through SMS and email / letter when the portfolio is rebalanced. Additionally, the AMC shall disclose the deviation from the mandated asset allocation to investors along with periodic portfolio disclosures as specified by SEBI from the date of lapse of mandated plus extended rebalancing timelines. As per Clause 3.11 of SEBI Master circular for mutual funds dated March 20, 2026, the above timelines for rebalancing of portfolios will also be applicable on passive breaches of various prudential limits specified under SEBI (Mutual Funds) Regulations, 2026 and various circulars issued from time to time.
Investment Strategy	The Scheme will predominantly be actively managed to achieve its investment objective. The Scheme will invest in both equity, commodity, InvIT and debt securities, employing a unique combination of investment strategies – pure equity (net long equity), arbitrage, commodities, InvIT and debt. The net long equity exposure is aimed to generate capital appreciation, while arbitrage opportunities and allocation to debt securities will be directed towards providing income and generating stable returns. The Scheme will take advantage of arbitrage opportunities by exploiting the price differential between cash and derivatives markets. The fixed income securities selection will be based on a top-down approach, interest rates view and yield curve movements. The Scheme will actively use arbitrage opportunities to hedge the portfolio and generate low-volatility returns. The Fund Manager will evaluate the difference between the price of a stock in the futures market and in the spot market. If the price of a stock in the futures market is higher than in the spot market, after adjusting for costs and taxes the scheme shall buy the stock in the spot market and sell the same stock in equal quantity in the futures market, simultaneously. The Scheme will endeavor to build similar market neutral positions that offer an arbitrage

potential for e.g. buying the basket of index constituents in the cash or futures segment and selling the index futures, etc. The Scheme would also look to avail of opportunities between one futures contract and another.

The fund manager shall use derivatives within the permissible limits actively in-addition to hedging and rebalancing the portfolio subject to the Regulations and the investment objectives and the terms of the scheme set out elsewhere in this Scheme Information Document.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative investments carry certain risks and issues arising out of such dealings. The risks associated with the use of derivatives -either for hedging or for portfolio balancing -are different from, and possibly greater than, the risks associated with investing directly securities and other traditional investments.

Asset Allocation Under Normal Circumstances

Under normal circumstances, the Scheme will maintain a minimum of 65% and up to a maximum of 90% of its total assets in equity and equity related instruments, inclusive of both hedged and unhedged positions. Within this equity allocation, the hedged component – comprising equity and equity derivative positions that are fully offset through corresponding positions in the derivatives market ie hedged – equity & equity derivatives may range from 25% to 80% of total assets. The unhedged component – representing the net long equity exposure aimed at generating capital appreciation through directional equity positions – will be maintained at a minimum of 10% and up to a maximum of 40% of total assets. This unhedged exposure denotes investments in equity shares and equity related instruments (including equity derivatives for non-hedging purposes) without a corresponding offsetting derivative position, and is therefore a directional exposure that will not be hedged. The Scheme will allocate between 10% and 35% of its total assets to debt securities and money market instruments, including Government securities, TREPS/reverse repos, securitised debt, margin money, cash and cash equivalents, and fixed income derivatives. This allocation provides the portfolio with a stable income component and sufficient liquidity to meet redemption requirements.

Additionally, the Scheme may invest up to 10% of its total assets in units issued by Infrastructure Investment Trusts (InvITs), and up to 10% of its total assets in Exchange Traded Commodity Derivatives (ETCDs). These allocations provide the Scheme with supplementary sources of diversification, potential inflation-hedging benefits, and access to alternative return streams. The Scheme can take exposure to a stock for either or both arbitrage as well as unhedged exposure. The notional value of exposure in equity derivatives would be reckoned for equity securities exposure. Investment in Equity Derivatives: Under normal circumstances, the Scheme may invest in equity derivatives up to 80% of the equity assets of the Scheme for hedging purposes and up to 50% of the equity assets of the Scheme for non-hedging purposes.

Asset Allocation Under Defensive Circumstances

When adequate opportunities are not available in the derivative and equity markets, or during periods of heightened market volatility identified by the proprietary asset allocation models, the Scheme will shift to a defensive asset allocation posture. Under defensive circumstances, the overall equity allocation will be maintained between 65% and 80% of total assets; however, the composition within equity will change materially. The hedged component will be increased to a range of 50% to 80% of total assets, significantly raising the proportion to fully offset, market positions. Correspondingly, the unhedged net long equity exposure will be reduced to between 0% and 15% of total assets, thereby substantially moderating the portfolio's directional market risk and limiting potential drawdowns.

The debt and money market allocation under defensive circumstances will remain in the range of 20% to 35% of total assets. Similarly, allocations to InvITs (0–10%) and Exchange Traded Commodity Derivatives (0–10%) will remain consistent with normal circumstances. The key distinction in the defensive posture is the deliberate shift within the equity component – from directional, unhedged positions towards hedged, arbitrage-oriented positions – designed to protect capital while maintaining the minimum equity exposure required for the Scheme’s categorization as an equity savings fund.

Asset Allocation based on – Proprietary Models

A distinguishing feature of the Scheme is its use of SAMCO’s proprietary asset allocation models to dynamically determine the net equity exposure levels. These models are built on a combination of market data, technical data, flow data, and macroeconomic data. The models are designed to systematically evaluate prevailing market conditions and identify optimal allocation between hedged and unhedged equity positions, debt instruments, commodities, and InvITs.

The proprietary models also incorporate anti-momentum detection capabilities, which are designed to identify periods of trend exhaustion and market inflection points. By detecting such periods of anti-momentum, the models aim to proactively reduce unhedged equity exposure ahead of potential large drawdowns, thereby seeking to protect capital during periods of elevated market stress. The transition between normal and defensive asset allocation postures will be informed by signals from these models, though the Fund Manager retains full discretion to exercise independent judgement in determining allocation percentages, intervals, and approaches that best align with the Scheme’s investment objectives.

The Scheme may employ an internal proprietary model to monitor market trends and determine the optimal asset allocation across various asset classes. This model serves as a guiding framework, offering insights into relative valuation levels and potential asset allocation opportunities within the market. Given the market’s dynamic nature, the Fund Manager may refer to this model as a broad indicator; however, they retain full discretion to exercise independent judgement. The proprietary model may undergo periodic revisions as needed, leading to the inclusion or removal of parameters and adjustments to their respective weightages.

The Scheme may deploy one or more of the below mentioned derivative Strategies to the extent they are in line with the investment objective of the Scheme.

1) Cash Futures Arbitrage:

The Scheme would look for market opportunities between the spot and the futures market. The cash futures arbitrage strategy can be employed when the price of the futures exceeds the price of the underlying stock. The Scheme will first buy the stocks in cash market and then sell in the futures market to lock the spread known as arbitrage return.

Buying the stock in cash market and selling the futures results into a hedge where the Scheme has locked in a spread and is not affected by the price movement of cash market and futures market. The arbitrage position can be continued till expiry of the future contracts. The future contracts are settled based on the last half an hour’s weighted average trade of the cash market. Thus, there is a convergence between the cash market and the futures market on expiry. This convergence helps the Scheme to generate the arbitrage return locked in earlier. However, the position could even be closed earlier in case the price differential is realized before expiry or better opportunities are available in other stocks. The strategy is attractive if this price differential (post all costs) is higher than the investor’s cost-of-capital.

2) Index Arbitrage:

The Nifty 50 derives its value from fifty constituent stocks; the constituent stocks (in their respective weights) can be used to create a synthetic index matching the Nifty Index. Also, theoretically, the fair value of a future is equal to the spot price plus the cost of carry.

Theoretically, therefore, the pricing of Nifty Index futures should be equal to the pricing of the synthetic index created by futures on the underlying stocks. Due to market imperfections, the index futures may not exactly correspond to the synthetic index futures. The Nifty Index futures normally trades at a discount to the synthetic Index due to large volumes of stock hedging being done using the Nifty Index futures giving rise to arbitrage opportunities.

One instance in which an index arbitrage opportunity exists is when Index future is trading at a discount to the index (spot) and the futures of the constituent stocks are trading at a cumulative premium. The fund manager shall endeavour to capture such arbitrage opportunities by taking long positions in the Nifty Index futures and short positions in the synthetic index (constituent stock futures). Based on the opportunity, the reverse position can also be initiated.

3) Portfolio Protection / Hedging:

The Scheme may use exchange-traded derivatives to hedge the equity portfolio.

4) Calendar Spread:

Under this strategy, the Scheme attempts to extract and profit from the spread (the difference between buying and selling price) created between two derivative contracts (eg. Futures) of the same underlying instrument but with different expiries.

5) Covered Call Strategy

The covered call strategy is a strategy where a fund manager writes call options against an equivalent long position in an underlying stock thereby giving up a part of the upside from the long position. The strategy allows the fund manager to earn premium income from the option writing in addition being able to capture the remaining part of the upside.

6) Corporate Action / Event Driven Strategies:

Dividend Arbitrage: Around dividend declaration time, the stock futures / options market can provide a profitable opportunity. Generally, the stock price declines by the dividend amount when the stock goes ex-dividend.

Buy-Back/ Open offers Arbitrage: Companies that are targets for buy-backs/ open offers, provide opportunities depending on the difference between the traded price and the buy-back open offer price. The scheme will take a long position in a stock for which the buy-back/ open offer price is expected to be higher than the traded price. Depending on the probability of the open offer and acceptance of shares, the scheme may take a certain short position in the future of the same stock. Since the position is related to a stock-specific event, it is expected to be uncorrelated with the overall direction of the equity markets.

Merger/ Risk Arbitrage: When the Company announces any merger, amalgamation, hive off, demerger, etc., there could be opportunities due to price differential in the cash and the derivative market. In case the merger is between 2 listed companies, the arbitrage can be based on the differential between the announced swap ratio and the actual traded prices for the 2 stocks.

Convertible Securities Arbitrage (when available): This strategy attempts to extract value from options embedded in convertible securities. Typically, the strategy involves purchasing a convertible security and then hedging the underlying equity security.

	Investment in IPOs/FPO/QIBs: This strategy attempts to make investments in companies through Initial Public offers (IPOs) or secondary offers through Follow-on Public Offers (FPOs) or Qualified Institutional Buyers route (QIBs). These are just a few examples of arbitrage opportunities arising out of corporate actions. This is not an exhaustive list as every corporate action could offer a different and unique opportunity. For detailed derivative strategies, please refer to SAI. Portfolio Turnover Policy The Scheme is an open-ended scheme. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy the likely turnover in the portfolio. There may be an increase in transaction cost such as brokerage paid, if trading is done frequently. However, the cost would be negligible as compared to the total expenses of the Scheme. Frequent trading may increase the profits, which will offset the increase in costs. The fund manager will endeavor to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. However, it is difficult to estimate with reasonable accuracy the likely turnover in the portfolio of the Scheme. The Scheme has no specific target relating to portfolio turnover.
Risk profile of the scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below: The Scheme would be investing in Equity & Equity related Securities, Debt & Money Market Instruments, arbitrage opportunities and such other asset classes permitted by SEBI from time to time. Different asset class carry different types of risk as mentioned in the Scheme Information Document. Accordingly, the scheme's risk may increase or decrease depending upon the investment pattern. Risks associated with investments in Equity and Equity related instruments: Investments in equity and equity related securities involve a degree of risk and investors should not invest in equity schemes unless they afford to take the risk of losing their investment. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. Volatility in the capital markets, changes in policies of the Government, taxation laws or any other political and economic development may negatively affect the prices of the securities invested in by the Scheme. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of the investments. The Scheme may inter-alia also may be exposed to the risk arising from over exposure to few securities/issuers/sectors. Risks associated with Derivatives The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations. The use of derivatives requires an understanding of the underlying instruments and the derivatives themselves. The risk of investments in derivatives includes mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. The following section describes the concepts and examples of derivatives that may be used by the fund manager. The strategies and illustrations provided below are only for the purpose of understanding the concept and uses of derivative instruments.

Index Futures Index Futures maybe used by the Fund to hedge against market downturns (shorting the index) or benefit from a bullish outlook on the market (going long on the index). Example on how it could be used:

Assume Nifty near month future contract is trading at Rs. 19,500, and the fund manager has a view that nifty will depreciate going forward; the Scheme can initiate a sale transaction of Nifty futures at the above said rate without holding an underlying long equity position.

Once the price falls and let's assume after 15 days the Nifty falls to 19,400 the Scheme can initiate a square-up transaction by buying the said futures and book a profit of Rs. 100. In a similar way, if the fund manager has a view that nifty will appreciate going forward, the Scheme can initiate a long transaction without an underlying cash/ cash equivalent subject to the extant regulations.

Index Options: Index options offers the Fund the opportunity to either capitalize on an expected market move or to protect holdings in the underlying instruments. The underlying in the case of Index options are indices. Buy Call The fund, to benefit from anticipated uptrend in broad markets, from time to time can buy call options. A long call option will give the Fund the option but not the obligation to buy the Index at the strike price. Stop loss is not defined and will be monitored by the investment team.

Example on how it could be used Suppose an investor buys a Call option on 1 lot of Nifty 50- Nifty (Lot Size: 75 units) Nifty index (European option)

Nifty 1 Lot Size: 75 units

Spot Price (S): 19,500

Strike Price (x): 19,550 (Out-of-Money Call Option) Premium: 80

Total Amount paid by the investor as premium $[75 \times 80] = 6000$

There are two possibilities i.e. either the index moves up over the strike price or remains below the strike price.

Scenario 1- The Nifty index goes up An investor sells the Nifty Option described above before expiry: Suppose the Nifty index moves up to 19,600 in the spot market and the premium has moved to Rs 150 and there are 15 days more left for the expiry. The investor decides to reverse his position in the market by selling his 1 Nifty call option as the option now is In the Money.

His gains are as follows: Nifty Spot: 19,600

Current Premium: Rs.150

Premium paid: Rs.80

Net Gain: $\text{Rs.150} - \text{Rs.80} = \text{Rs.70}$ per unit Total gain on 1 lot of Nifty = Rs.5250 (75×70)

Scenario 2 - The Nifty index moves to any level below 19,500 Then the investor does not gain anything but on the other hand his loss is limited to the premium paid:

Net Loss is Rs.6000 (Loss is capped to the extent of Premium Paid) $(\text{Rs } 80 \text{ Premium paid} \times \text{Lot Size: } 75 \text{ units})$

Simple Scenario for holding on to expiry: The fund buys a call option at the strike price of say Rs.19,500 and pays a premium of say Rs. 80, the fund would earn profits if the market price of the stock at the time of expiry of the option is more than 19,580 being the total of the strike price and the premium thereon. If on the date of expiry of the option the stock price is below Rs 19,500 the fund will not exercise the option while it loses the premium of Rs 80.

Buy Put

The Fund may buy index put options to hedge existing portfolios. The put option will give the Fund the flexibility to sell the portfolio at the strike price if the index falls below the strike price. The Fund will have to pay a premium to the option writer to buy this put option. There is no defined stop loss as the same will be monitored by the investment team.

Example on how it could be used

Suppose an investor buys a Put option on 1 lot of Nifty 50- Nifty (Lot Size: 75 units)

Nifty index (European option).

Nifty 1 Lot Size: 75 units

Spot Price (S): 19,500

Strike Price (x): 19,450 (Out-of-Money Call Option) Premium: 80

Total Amount paid by the investor as premium $[75 \times 80] = 6000$

There are two possibilities i.e. either the index moves down from the strike price or goes above the strike price.

Scenario 1- The Nifty index goes down

An investor sells the Nifty Option described above before expiry:

Suppose the Nifty index moves down to 19,400 in the spot market and the premium has moved to Rs 150 and there are 15 days more left for the expiry. The investor decides to reverse his position in the market by selling his 1 Nifty put option as the option now is In the Money.

His gains are as follows:

Nifty Spot: 19,600

Current Premium: Rs.150

Premium paid: Rs.80

Net Gain: $\text{Rs.150} - \text{Rs.80} = \text{Rs.70 per unit}$

Total gain on 1 lot of Nifty = $\text{Rs.5250} (75 \times 70)$

Scenario 2 - The Nifty index moves to any level above 19,500

Then the investor does not gain anything but on the other hand his loss is limited to the premium paid:

Net Loss is Rs.6,000 (Loss is capped to the extent of Premium Paid)

$(\text{Rs } 80 \text{ Premium paid} \times \text{Lot Size: } 75 \text{ units})$

Simple Scenario for holding on to expiry: The fund buys a Put Option at Rs 19,500 by paying a premium of say Rs 80. If the stock price goes down to Rs. 19,400, the fund would protect its downside and would only have to bear the premium of Rs 80 instead of a loss of Rs 100 whereas if the stock price moves up to say Rs. 19,600 the fund may let the Option expire and forego the premium thereby capturing Rs. 100 upside after bearing the premium of Rs. 80.

Risk associated with investing in Foreign Securities

Subject to necessary regulatory approvals and within the investment objectives of the Scheme, the Scheme may invest in overseas markets which carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital due to exchange controls and political circumstances. It is AMC's belief that investment in foreign securities offer new investment and portfolio diversification opportunities into multi-market and multicurrency products. However, such investments also entail additional risks. Such investment opportunities may

be pursued by AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme may invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme.

Risks associated with investments in Fixed Income Securities:

The NAV of the Scheme, to the extent invested in fixed income securities, will be affected by changes in the interest rates due to various factors such as government borrowing, inflation, economic performance etc. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates. Investments in Fixed Income securities may inter-alia carry Re-investment Risk, Spread Risk, Credit/Default Risk, Liquidity Risk, Prepayment Risk, etc.

Risk factors associated with investments in InvITs

Investment in InvITs carry Liquidity Risk, Re-investment Risk, Price Risk, Interest Rate Risk, Credit Risk, Regulatory/Legal Risk etc.

Risks associated with Short Selling & Securities Lending

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.

Short-selling is the sale of shares or securities that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock/security he shorted and returns the stock/security to the lender to close out the loan. The inherent risks are Counterparty risk and liquidity risk of the stock/security being borrowed. The security being short sold might be illiquid or become illiquid and covering of the security might occur at a much higher price level than anticipated, leading to losses.

Risks associated with Investing in Structured Obligation (SO) & Credit Enhancement (CE) rated securities:

Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/mortgage-backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc. Hence, for CE rated instruments evaluation of the credit enhancement provider, as well as the issuer is undertaken to determine the issuer rating. In case of SO rated issuer, the underlying loan pools or securitization, etc. is assessed to arrive at rating for the issuer.

Risks associated with investing in Securities Segment and Tri-party Repo trade settlement

The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time i.e. in the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund.

	Risks associated with transaction in Units through stock exchange(s): In respect of transaction in Units of the Scheme through Bombay Stock Exchange (“BSE”) and / or National Stock Exchange (“NSE”), allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by NSE and / or BSE and their respective clearing corporations on which the Fund has no control. Risks associated with Restrictions on Redemption: The Trustee and the AMC may impose restrictions on redemptions when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets. Accordingly, such restrictions may affect the liquidity of the Scheme and there may be a delay in investors receiving part of their redemption proceeds. Risks associated with Segregated portfolio: The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event at issuer level i.e. downgrade in credit rating by a Credit Rating Agencies (CRA) or actual default of either the interest or principal amount, in case of its unrated debt or money market instruments. Accordingly, Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. The Security comprises of segregated portfolio may not realise any value. Further, listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Any circular/clarification issued by SEBI in regard to expenses chargeable to the Scheme/Plan(s) will automatically become applicable and will be incorporated in the SID/SAI/KIM accordingly.

The mutual fund would update the current expense ratios on its website (www.samcomf.com) at least three working days prior to the effective date of the change. Investors can refer 'Total Expense Ratio of Mutual Fund Schemes' section on <https://www.samcomf.com/total-expense-ratio> for Total Expense Ratio (TER) details.

Illustration of impact of expense ratio on scheme's returns

For any scheme, NAV is computed on a daily basis factoring in all the assets as well as liabilities of the Scheme (including expenses charged). Expenses charged to the Scheme bring down its NAV and hence the investor's net returns on a corresponding basis..

Illustration of expenses and impact on the return	
Opening NAV Per Unit for the Day (a)	10.0000
Closing NAV Per Unit for the Day (b)	11.0000
NAV Movement Per Unit (c = a - b)	1.0000
Flat Return for the Day after expenses (d = (c / a) %)	10.00%
TER % (e)	2.00%
Expenses for the Day (f = (b * e)/365)	0.0006
Expenses for the Day % (g = (f / b) %)	0.0058%
Flat Return prior to expenses for the Day (h = d + g)	10.0058%

Please Note:

The above illustration is purely given to explain the impact of the expense ratio on a scheme's return and should not be construed as an indicative return of the scheme.

Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

Tax treatment for unitholders

Investors are advised to refer to the details in the Statement of Additional Information and also to consult their own tax advisors with respect to the specific amount of tax and other implications arising out of their participation in the Scheme.

Daily Net Asset Value (NAV) publication

The AMC will calculate and disclose the first NAV of the Scheme within 5 business days from the date of allotment. Subsequently, the AMC will calculate and disclose the NAVs on all business Days. The AMC shall update the NAVs on its website (www.samcomf.com) and of the Association of Mutual Funds in India (AMFI) (www.amfiindia.com) before 11.00 p.m. on every Business Day (subject to following exception).

In terms of clause 9.3 of SEBI Master for Mutual Funds dated March 20, 2026, the AMC shall ensure that NAV of scheme is disclosed based on the value of underlying securities/ Funds as on the T day (i.e. date of investment in MF units in India). Accordingly, if the scheme has investment in Overseas securities, then the NAV shall be uploaded at AMFI before 10.00 a.m. on the immediately succeeding Business Day to capture same day price of underlying securities.

Unitholder's information	Account Statement On acceptance of the application for subscription, an allotment confirmation specifying the number of units allotted by way of e-mail and/or SMS within 5 business days from the date of receipt of allotment will be sent to the unit holders registered e-mail address and/or mobile number. Consolidated Account Statement A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 12th of the succeeding month who opted for delivery via electronic mode and to investors that have opted for delivery via physical mode, within fifteen (15) days from the month end. In case there is no transaction in any of the mutual fund and demat accounts then CAS with holding details shall be sent to the investors by email on half yearly basis. The investors that have opted for delivery via electronic mode, the CAS shall be send on or before the eighteenth (18th) day of April and October and to investors that have opted for delivery via physical mode, on or before the twenty-first (21st) day of April and October. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/RTAs. Further, CAS issued for the half-year (September/ March) shall also provide - The amount of actual commission paid by AMC/Mutual Fund to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each scheme. - The scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and Other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in. Annual Report: As required by the SEBI Regulations, the Fund will mail the schemewise annual report or an abridged summary thereof to all the unitholders as soon as practical after 31st March each year but not later than four months thereafter, as the Trustee may decide. In case of unitholders whose e-mail addresses are available with the Mutual Fund, the annual report or the abridged summary, as the case may be, would only be sent by email and no physical copies would be mailed to such unitholders. However, those unitholders who still wish to receive physical copies of the annual report/abridged summary notwithstanding their registration of e-mail addresses with the Fund, may indicate their option to the AMC in writing and AMC shall provide the same at nominal price. For the rest of the investors, i.e. whose email addresses are not available with the mutual fund, the AMC shall send physical copies of scheme annual reports or abridged summary to those unitholders who have 'opted-in' to receive physical copies. The AMC shall display the link of the scheme annual reports or abridged summary prominently on the Fund's website and AMFI website and make the physical copies available to the investors at its registered office at all times. Monthly and Half yearly Disclosures: Portfolio / Financial Results The AMC will disclose the portfolio of the Scheme (along with ISIN) as on the last day of the month / half year on the website of the Mutual Fund and AMFI within 10 days from the close of each month/ half year (i.e. 31st March and 30th September) respectively in a user-friendly and downloadable spreadsheet format. Further, AMC shall upload on the website of the Mutual Fund and AMFI and the modes through which unitholder(s) can submit a request for a physical or electronic copy of the statement of scheme portfolio. The AMC will also provide a dashboard, in a comparable, downloadable (spreadsheet) and machine-readable format, providing performance and key disclosures like Scheme's AUM, investment objective, expense ratios, portfolio details, scheme's past performance etc. on website. The AMC shall send via email both the monthly and half-yearly statement of scheme portfolio within 10 days from the close of each month / half-year respectively. The unitholders whose e-mail addresses are not registered

	with the Fund are requested to update / provide their email address to the Fund for updating the database. Since the Scheme is a new Scheme, Top 10 Holdings and Sector wise holdings are not available. Additionally, in terms of SEBI Master circular no. HO/24/13/11(1)2026-IMD-POD-1/I/7602/2026 dated March 20, 2026, the AMC shall also include the Scheme risk-o-meter, name of benchmark and risk-o-meter of benchmark in the portfolio disclosure. The AMC shall provide a physical copy of the statement of scheme portfolio, without charging any cost, on specific request received from a unit holder. For further details, please refer the SID of the Scheme.
Stamp Duty	Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, stamp duty @0.005% of the transaction value would be levied on applicable mutual fund transactions. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchases, switch-ins, Systematic Investment Plan (SIP) installments, Systematic Transfer Plan (STP) installments, Reinvestment of Income Distribution cum Capital Withdrawal etc. to the unit holders would be reduced to that extent. Units will be created only for the balance amount i.e. Net Investment Amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis. For instance: If the transaction amount is Rs. 100,000 /-. the stamp duty will be calculated as follows: $((\text{Transaction Amount} * 0.005\%) = \text{Rs. } 5)$ If the applicable Net Asset Value (NAV) is Rs. 10 per unit, then units allotted will be calculated as follows: $(\text{Transaction Amount} - \text{Stamp Duty}) / \text{Applicable NAV} = 9,999.50 \text{ units}$

Instructions to investors for filling up the application form

I. GENERAL INSTRUCTIONS

1. Please read the Key Information Memorandum, Scheme Information Document (SID) and Statement of Additional Information (SAI) containing the terms of offer carefully before investing. In the SID your attention is particularly drawn to the risk factors of investing in the Scheme and also the sections "Who Can not invest".
2. All applicants are deemed to have accepted the terms subject to which the offer is being made and bind themselves to the terms upon signing the Application Form and tendering the payment.
3. Application Form should be filled legibly in ENGLISH in BLOCK letters using Black or Dark Blue ink. Incomplete application forms are liable to be rejected. Please refer to the checklist at the end of the application form to ensure that the requisite details and documents have been provided in order to avoid unnecessary delays and / or rejection of your application.
4. Please strike out any section that is not applicable. Correction/Cancellation on any of the mandatory information should be countersigned by the investor.

II. APPLICANT INFORMATION

1. Name should be given in full without any abbreviations. Preferably write exactly as it appears in your Bank Account or as it appears in the Certificate on incorporation document as the case may be.
2. Date of birth of the Minor, Name of Parent/Legal Guardian and relationship with minor is mandatory for investment on behalf of Minor applicant.
3. Name of the Contact Person, email and Telephone No. should be mentioned in case of investments by Company, Body Corporate, Trust, Society, FII and other non-individual applicants.

Further, SEBI has also notified SEBI (KYC Registration Agency) Regulations, 2011 on December 23, 2011 with a view to bring uniformity in KYC requirements for the securities market and to develop a mechanism for centralization of the KYC records. Accordingly the following procedures shall apply:

- SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investment Schemes, etc. New Investors are therefore requested to use the common KYC Application Form and carry out the KYC process including IPV with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are also available on our website www.samcomf.com.
- The Fund shall perform the initial KYC of its new investors and may undertake enhanced KYC measures commensurate with the risk profile of its investors in line with the aforementioned circulars/circulars issued by SEBI in this regard from time to time. The Fund shall upload the details of the investors on the system of the KYC Registration Agency ("KRA"). The Registrar & Transfer Agent of the Fund viz. KFin Technologies Limited ("Kfin") may also undertake the KYC of the investors on behalf of the Fund. On receipt of the KYC documents from the Fund, the KRA shall send a letter to the investor within SEBI stipulated timelines, confirming the details thereof.
- Once the investor has done KYC with a SEBI registered intermediary, the investor need not undergo the same process again with another intermediary but can submit the letter/acknowledgment issued by the KRA.
- It is mandatory for intermediaries including mutual funds to carry out IPV of its new investors. The IPV carried out by any SEBI registered intermediary can be relied upon by the Fund. Samco Asset Management Private Limited and NISM/AMFI certified distributors who are Know Your Distributor (KYD) compliant are authorized to undertake the IPV for mutual fund investors. Further, in case of any applications received directly (i.e. without being routed through the distributors) from the investors, the Fund may rely upon the IPV (on the KYC Application Form) performed by the scheduled commercial banks.
- Existing KYC compliant investors of the Fund can continue to invest as per the current practice. However, existing investors are also urged to comply with the new KYC requirements including IPV as mandated by SEBI.
- Application Form not accompanied by KYC Application Form or letter/acknowledgment issued by KRA may be rejected by the Fund. The KYC compliance status will be validated with the records of the KRA. AMC reserves the right to call for any additional information from the investors/applicant/reject applications/subsequent application in order to fulfill the requirements of PMLA norms prescribed by SEBI/PMLA Regulation from time to time.

XI. PURCHASE/REDEMPTION OF UNITS THROUGH STOCK EXCHANGE INFRASTRUCTURE

The investors can subscribe to the Units of the Scheme through Mutual Fund Service System ("MFSS") platform of National Stock Exchange, "BSESTAR MF" platform of Bombay Stock Exchange.

Please refer Scheme Information Document(s) of the Scheme(s) for further details.

XII. EMPLOYEE UNIQUE IDENTIFICATION NUMBER (EUIIN):

SEBI has made it compulsory for every employee/ relationship manager/ sales person of the distributor of Mutual Fund products to quote the EUIIN obtained by him/her from AMFI in the Application Form. EUIIN, particularly in advisory transactions, would assist in addressing any instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Individual ARN holders including senior citizens distributing Mutual Fund products are also required to obtain and quote EUIIN in the Application Form. Hence, if your investments are routed through a distributor please ensure that the EUIIN is correctly filled up in the Application Form.

However, if your distributor has not given you any advice pertaining to the investment, the EUIIN box may be left blank. In this case, you are required to provide a duly signed declaration to this effect. Distributors are advised to ensure that the sub broker affixes his/her ARN code in the column separately provided in addition to the current practice of affixing the internal code issued by the main ARN holder and the EUIIN of the Sales Person (if any) in the EUIIN space.

XIII. BENEFICIAL OWNERSHIP DETAILS:

Under the Prevention of Money Laundering Act, 2005 ("PMLA"), all intermediaries including mutual funds are required to obtain sufficient information from their clients in order to identify and verify the persons who beneficially own or control the account. SEBI circular dated January 24, 2013 on identification of Beneficial Ownership has prescribed a uniform approach to be followed for determination of beneficial owners. A 'Beneficial owner' is defined as a natural person/s who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, which includes persons who exercise ultimate effective control over a legal person or arrangement.

All categories of investors except individuals, company listed on a stock exchange or majority owned subsidiary of such company, are requested to provide details about beneficial ownership in the Application Forms for all their investments. The Fund reserves the right to reject applications/restrict further investments or seek additional information from investors who have not provided the requisite information on beneficial ownership. In the event of change in beneficial ownership, investors are requested to immediately update the details with the Fund/Registrar.

XIV. FATCA DETAILS:

The Foreign Account Tax Compliance Act is a United States (US) federal law, aimed at prevention of tax evasion by US Citizens and Residents ("US Persons") through use of offshore accounts. The FATCA provisions were included in the HIRE Act enacted by the US legislature. FATCA is designed to increase compliance by US taxpayers and is intended to bolster efforts to prevent tax evasion by the US taxpayers with offshore investments. As per SEBI circular no. CIR/MIRSD/2/2014 dated June 30, 2014, the Government of India and the US have reached an agreement in substance on the terms of an Inter-Governmental Agreement ("IGA") to implement the FATCA provisions, which have become globally applicable from July 1, 2014. FATCA requires enhancement of due diligence processes by the Foreign Financial Institutions ("FFI") so as to enable identification of US reportable accounts. The Fund/ Asset Management Company ("the AMC") are likely to be classified as a FFI under the FATCA provisions in which case the Fund /the AMC would be required, from time to time, to (i) undertake necessary due diligence process by collecting information/ documentary evidence of the US/non US status of the investors; (ii) disclose/ report information as far as may be legally permitted about the holdings/investment returns pertaining to reportable accounts to the US Internal Revenue Service and/or such Indian authorities as may be specified under FATCA or other applicable laws and (iii) carry out such other activities as prescribed under the FATCA provisions, as amended from time to time.

FATCA due diligence will have to be directed at each investor/unit holder (including joint investors) and on being identified as a reportable person/specified US person, all the folios will be reported. Further, in case of folio with joint investors, the entire account value of investment portfolio will be attributable under each such reportable person. Investors/Unit holders would therefore be required to furnish such information to the Fund/AMC, from time to time, in order to comply with the reporting requirements stated in the IGA and or circulars/guidelines issued by SEBI/AMFI in this regard.

The impact of FATCA is relevant not only at the point of on-boarding of the investors but also throughout the life cycle of the investor account / folio with the Fund. Hence investor(s) should immediately intimate the Fund/AMC, in case of any change in the FATCA related information provided by them at the time of initial subscription.

The Fund/AMC reserves the right to reject any application or compulsorily redeem the units held directly or beneficially in case the applicant/investor fails to furnish the relevant information and/or documentation or is found to be holding units in contravention of the FATCA provisions.

Investors are advised to consult their tax advisors to understand the FATCA requirements and its implications in relation to their investment.

XV. CENTRAL KYC RECORDS REGISTRY (CKYCR):

The Government of India vide their Notification dated November 26, 2015 authorised the Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the Central KYC Records Registry under the said rules, including receiving, storing, safeguarding and retrieving the KYC records under the Prevention of Money Laundering Act, 2002. SEBI required all the market intermediaries to update/upload KYC details of the new customer/investors (not KYC-KRA compliant) on CERSAI's online platform. CERSAI is a centralized repository of KYC records of customers/ investors in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer/investors creates a new relationship with a financial entity. Central KYC (CKYC) will store all the customer/investor information at one central server that is accessible to all the financial institutions. After opening a KYC account under the CKYC, customer/investor will get a 14- digit identification number ("KYC Number") and that the same may be quoted by the investor wanting to invest in mutual funds. Further, the Mutual Fund/AMC is required to check whether the PAN of the investor has been updated in CKYCR. In case the PAN has not been updated, the Mutual Fund/AMC shall collect a self certified copy of the investor's PAN card and update/upload the same in CKYCR. In case the Investor uses the old KRA KYC form for updating of any KYC information, such investor shall be required to provide additional/missing information only by using the supplementary CKYC form or fill the new "CKYC form".

XVI. DEMATERIALIZATION:

The unit holders would have an option to hold the units in dematerialized form. The applicant intending to hold units in dematerialized form will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP ID, DP Name and Beneficiary Account No. with the DP name at the time of subscribing to the units of the Scheme. Applicants must ensure that the sequence of the names as mentioned in the application form matches with that of the beneficiary account held with the Depository Participant. Names, Address, PAN details, KYC Details etc. mentioned in the application form will be verified against the Depository data. If the details mentioned in the application (other than ASBA applications) are incomplete / incorrect or not matching with the depository records, the application shall be treated as application for non-demat mode and accordingly units will be allotted in non-demat mode. Note - In case of subscription of units through SIP in demat (electronic) mode, unit holder will not be able to redeem / transfer such units till units are credited to investor's Demat (Beneficiary) account. Unit holders who have opted to hold units in dematerialized form will receive payment of redemption proceeds into bank (i.e. beneficiary) account linked to their Demat account. Units held in demat form are freely transferable from one demat account to another demat account.

XVII. LEGAL ENTITY IDENTIFIER:

RBI vide circular dated January 2021 on "Introduction of Legal Entity Identifier for Large Value Transactions in Centralized Payment Systems" decided to introduce the LEI system for all payment transactions of value IN 50 crore and above for Real Time Gross Settlement (RTGS) and National Electronic Funds Transfer (NEFT) from April 1, 2021. In view of the same it will be mandatory to include 20-digit Legal Entity Identifier (LEI) information while initiating any transaction of value IN 50 crore and above by entities (non-Individual) for purchase and redemption transaction.

XVIII. DECLARATION AND SIGNATURE:

- All the applicants must sign the application form. Application on behalf of minor should be signed by their natural parent or legal guardian. Signatures should be in English or in any Indian language. Thumb impression should be from the left hand for males and the right hand for females and in all cases be attested by a Magistrate, Notary Public or Special Executive Magistrate. In case of HUF, the Karta will sign on behalf of the HUF.
- The original Power of Attorney or a duly notarized copy of the Power of Attorney shall be required to be submitted where applications are made under a Power of Attorney

Instructions for filling up the Application Form

1. Meaning of ASBA: ASBA is an application for subscribing to a New Fund Offer (NFO), containing an authorisation to block the application money in a bank account.
2. **Self Certified Syndicate Bank (SCSB):** SCSB is a banker to an issue registered with the SEBI which offers the facility of applying through the ASBA process. The list of SCSBs will be displayed by SEBI on its website at www.sebi.gov.in from time to time. ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs displayed on SEBI's website. Unit holders maintaining their accounts in any of these Banks may approach one of the designated branches of these SCSBs for availing this facility. Further it may be noted that from time to time new banks register themselves as SCSBs who become eligible to provide these services and also the existing SCSBs designate additional branches that also provide this facility. An updated list of all the registered SCSBs, their controlling branches, contact details and details of their contact persons, a list of their designated branches which are providing such services is available on the website of SEBI at the address <http://www.sebi.gov.in>. Further these details are also available on the websites of the Stock Exchanges at <http://www.bseindia.com> and <http://www.nseindia.com>. Alternatively, unit holders may also contact the AMC, R&TA for information about the SCSBs or the ASBA process. These SCSBs are deemed to have entered into an arrangement with the Issuer and shall be required to offer the ASBA facility to all its account holders for all issues to which ASBA process is applicable. An SCSB shall identify its Designated Branches (DBs) at which an ASBA Applicant shall submit ASBA and shall also identify the Controlling Branch (CB), which shall act as a coordinating branch for the Registrar to the Issue, Stock Exchanges and Merchant Bankers. The SCSB, its DBs and CB shall continue to act as such, for all issues to which ASBA process is applicable. The SCSB may identify new DBs for the purpose of ASBA process and intimate details of the same to SEBI, after which SEBI will add the DB to the list of SCSBs maintained by it. The SCSB shall communicate the following details to Stock Exchanges for making it available on their respective websites. These details shall also be made available by the SCSB on its website: (i) Name and address of the SCSB (ii) Addresses of DBs and CB and other details such as telephone number, fax number and email ids. (iii) Name and contact details of a nodal officer at a senior level from the CB.
3. Eligibility of unit holders: Unit holder shall be eligible to apply through ASBA process, if he/she:
 - (i) is a "Resident Retail Individual unit holder, Non Institutional unit holder, QIBs, Eligible NRIs applying on non-repatriation basis, Eligible NRIs applying on repatriation basis i.e. any unit holder,
 - (ii) is applying through blocking of funds in a bank account with the SCSB; Such unit holders are hereinafter referred as "ASBA unit holders".
4. ASBA Facility in Brief: Unit holder shall submit his/her Application through an ASBA Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA unit holder or bank account utilised by the ASBA unit holder ("ASBA Account") is maintained. The SCSB shall block an amount equal to the NFO application Amount in the bank account specified in the ASBA Application Form, physical or electronic, on the basis of an authorisation to this effect given by the account holder at the time of submitting the Application. The Application Amount shall remain blocked in the aforesaid ASBA Account until the Allotment in the New Fund Offer and consequent transfer of the Application Amount against the allocated Units to the Issuer's account designated for this purpose, or until withdrawal/failure of the Offer or until withdrawal/rejection of the ASBA Application, as the case may be. The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchanges. Once the Allotment is finalised, the R&TA shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the AMC account designated for this purpose. In case of withdrawal/Rejection of the Offer, the R&TA shall notify the SCSBs to unblock the blocked amount of the ASBA Applicants within one day from the day of receipt of such notification.
5. Obligations of the AMC: AMC shall ensure that adequate arrangements are made by the R&TA to obtain information about all ASBAs and to treat these applications similar to non-ASBA applications while allotment of Units, as per the procedure specified in the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009. Unit holders are requested to check with their respective banks about the availability of the ASBA facility.
6. Other Information for ASBA Unit holders:
 - 1 On the closure date of the NFO, the ASBA form should be submitted to the SCSBs before the 3.00 p.m. or such other time as may be decided by respective SCSBs.
 - 2 The Applicant intending to invest in the Scheme through ASBA Process will be required to have a beneficiary account with a Depository Participant (DP) of NSDL/CDSL and will be required to mention in the application form DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units during the NFO.
 - 3 Signatures as available with depository will be taken for all purpose after the allotment of units in case of demat holding.
 - 4 All static details in our records would be taken from the demat account (DP ID) provided by you.
 - 5 Bank account details provided in the ASBA Application form will be used for refunding reject applications where DP ID is not matching.
 - 6 Bank Mandate for redemptions/Income Distribution cum Capital Withdrawal will be as per your DP ID in case of demat holding.
 - 7 SCSB shall give ASBA unit holders an acknowledgement for the receipt of ASBAs.
 - 8 SCSB shall not upload any ASBA in the electronic system of the Stock Exchange(s) unless (i) it has received the ASBA in a physical or electronic form; and (ii) it has blocked the application money in the bank account specified in the ASBA or has systems to ensure that Electronic ASBAs are accepted in the system only after blocking of application money in the relevant bank account opened with it.
 - 9 SCSB shall ensure that complaints of ASBA unit holders arising out of errors or delay in capturing of data, blocking or unblocking of bank accounts, etc. are satisfactorily redressed.
 - 10 SCSB shall be liable for all its omissions and commissions in discharging responsibilities in the ASBA process.
 - 11 R&TA shall act as a nodal agency for redressing complaints of ASBA and non-ASBA unit holders, including providing guidance to ASBA unit holders regarding approaching the SCSB concerned.
 - 12 ASBA facility is currently available only to those unit holders who wish to hold the units in dematerialized form.

FATCA & CRS Terms and Conditions

The Central Board of Direct Taxes has notified Rules 114F to 114H, as part of the Income-tax Rules, 1962, which require Indian financial institutions to seek additional personal, tax and beneficial owner information and certain certifications and documentation from all our unit holders. In relevant cases, information will have to be reported to tax authorities/appointed agencies. Towards compliance, we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto. Should there be any change in any information provided by you, please ensure you advise us promptly, i.e., within 30 days. Please note that you may receive more than one request for information if you have multiple relationships with us or our group entities. Therefore, it is important that you respond to our request, even if you believe you have already supplied any previously requested information. If you have any questions about your tax residency, please contact your tax advisor. If any controlling person of the entity is a US citizen or resident or green card holder, please include United States in the foreign country information field along with the US Tax Identification Number. It is mandatory to supply a TIN or functional equivalent if the country in which you are tax resident issues such identifiers. If no TIN is yet available or has not yet been issued, please provide an explanation and attach this to the form.

Instructions on Controlling Persons / Ultimate Beneficial Owner

As per PMLA guidelines and relevant SEBI circulars issued from time to time, non-individuals and trusts are required to provide details of controlling persons [CP] / ultimate beneficiary owner [UBO] and submit appropriate proof of identity of such CPs/ UBOs. The beneficial owner has been defined in the circular as the natural person or persons, who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted and includes a person who exercises ultimate effective control over a legal person or arrangement.

A. For Investors other than individuals or trusts:

- i. The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest. Controlling ownership interest means ownership of/entitlement to:
 - more than 10% of shares or capital or profits of the juridical person, where the juridical person is a company.
 - more than 15% of the capital or profits of the juridical person, where the juridical person is a partnership.
 - more than 15% of the property or capital or profits of the juridical person, where the juridical person is an unincorporated association or body of individuals.
- ii. In cases where there exists doubt under clause (i) above as to whether the person with the controlling ownership interest is the beneficial owner or where no natural person exerts control through ownership interests, the identity of the natural person exercising control over the juridical person through other means like through voting rights, agreement, arrangements or in any other manner.
- iii. Where no natural person is identified under clauses (i) or (ii) above, the identity of the relevant natural person who holds the position of senior managing official.

B. For Investors which is a trust:

The identity of the settlor of the trust, the trustee, the protector, the beneficiaries with 10% or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

C. Exemption in case of listed companies / foreign investors

The client or the owner of the controlling interest is a company listed on a stock exchange or is a majority-owned subsidiary of such a company, there is no need for identification and verification of the identity of any shareholder or beneficial owner of such companies and hence exempted from UBO declaration provided other requisite information is provided. Intermediaries dealing with foreign investors' viz., Foreign Institutional Investors, Sub Accounts and Qualified Foreign Investors, may be guided by the clarifications issued vide SEBI circular CIR/MIRSD/11/2012 dated September 5, 2012 and other circulars issued from time to time, for the purpose of identification of beneficial ownership of the client.

D. KYC Requirement

Beneficial Owner(s) / Senior Managing Official (SMO) is/are required to comply with the prescribed KYC process as stipulated by SEBI from time to time with any one of the KRA & submit the same to AMC. KYC acknowledgement proof is to be submitted for all the UBO(s) / SMO(s).

Sample Illustrations for ascertaining beneficial ownership:

Illustration No. 1 – Company A

For Applicant A, Individual 4 is considered as UBO as it holds effective ownership of 33% in Company A. Hence details of Individual 4 must be provided with KYC proof, Shareholding pattern of Company A, Z & Y to be provided along with details of persons of Company Y who are senior managing officials and those exercising control.

Illustration No. 2 – Partner ABC

For Partnership Firm ABC, Partners 1, 2 and 5 are considered as UBO as each of them holds >=15% of capital. KYC proof of these partners needs to be submitted including shareholding.

Illustration No. 3 – Trustee ZYX

For Trust ZYX, Beneficiaries A, B and C are considered as UBO as they are entitled to get benefitted for >10% of funds used. KYC proof for these beneficiaries needs to be submitted. Additionally, if they have nominated any person or group of persons as Settlor of Trust / Protector of Trust, relevant information to be provided along with the proof indicated.
