Name of the Scheme	Samco Special Opportunities Fund																
Category of the Scheme	Thematic Fund																
Scheme type	An open ended equity scheme following special situations theme																
Scheme Code	SAMC/O/E/THE/24/03/0006																
Investment Objective	The investment objective of the scheme is to achieve long-term capital appreciation by investing in a portfolio of securities that are involved in special situations such as restructurings, turnarounds, spin-offs, mergers & acquisitions, new trends, new & emerging sectors, digitization, premiumization, and other special corporate actions. These situations often create mispricings and undervalued opportunities that the fund aims to exploit for potential capital appreciation. There is no assurance that the investment objective of the scheme will be achieved.

The Investment committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of scheme is not rebalanced within the extended timelines, AMCs shall not be permitted to launch any new scheme till the time the portfolio is rebalanced. Further, no exit load shall be levied to the investors who exiting the scheme.</p> <p>Additionally, the AMC shall report the deviation to the Trustees at each stage. In case the AUM of deviated portfolio is more than 10% of the AUM of main portfolio of scheme, the AMC shall immediately disclose the same to the investors through SMS and email / letter including details of portfolio not rebalanced. Subsequently, the AMC shall also immediately communicate to investors through SMS and email / letter when the portfolio is rebalanced. Additionally, the AMC shall disclose the deviation from the mandated asset allocation to investors along with periodic portfolio disclosures as specified by SEBI from the date of lapse of mandated plus extended rebalancing timelines.</p>
<b>Investment Strategy</b>	<p>The SAMCO Special Opportunities Fund focuses on generating long-term capital growth by investing in companies experiencing or poised for special situations. These include circumstances like technological disruption, regulatory changes, management restructuring, or prolonged cyclical challenges. The fund targets companies that are either disruptors, enablers, or adaptors of change, as well as those with significant turnaround potential. It leverages inefficiencies in financial markets where the impact of such special situations may be undervalued or overlooked, aiming to capitalize on the resulting mispricing or unanticipated growth potential.</p> <p>The fund's strategy encompasses a broad spectrum, including digitization, insider mirror trading, spin-offs, reforms, undervalued holding companies, premiumization, sustainable trends, innovation, organized shifts, and new or emerging sectors. This diversified approach seeks to exploit a range of growth opportunities across different sectors and market conditions.</p>

D	Digitization
I	Insider Mirror Trading
S	Spin Offs & Corporate Actions
R	Reforms - Regulatory, Governmental
U	Undervalued Holding Companies
P	Premiumisation
T	Trends sustainable over time
I	Innovation & Technological Disruptions
O	Organised Shift
N	New & Emerging Sectors

### Digitization

The Digitization Trend strategy capitalizes on the transformative wave of digital innovation sweeping across industries. This approach involves investing in companies that are either leading the digital revolution or adeptly adapting to it. The focus is on sectors where digitization drives efficiency, opens new markets, and creates novel revenue streams - from cloud computing and e-commerce to fintech and AI-driven technologies. This strategy aims to leverage the accelerated adoption of digital solutions, targeting companies poised to benefit from the shift towards online platforms, digital services, and tech-enabled business models. It also includes a keen interest in businesses that harness data analytics for strategic decision-making and customer engagement. The goal is to identify and invest in companies that are not just surviving but thriving in the digital era, capturing the growth potential presented by this pervasive trend.

### Insider Mirror Trading Strategy

This investment strategy focuses on selecting companies that have engaged in share buyback programs or where the company's promoters have increased their stake by purchasing

additional shares at market prices. This behavior typically indicates the management's strong belief in the company's future growth potential or its intrinsic value, which may not be fully reflected in the current stock price. The aim of this strategy is to capitalize on the eventual correction of this disparity between the company's true value and its market price, leading to potential gains as the market adjusts and recognizes the company's actual worth.

#### **Spin Offs & Corporate Actions**

The Spin Offs & Corporate Actions strategy is predicated on the observation that in conglomerates with diverse business segments, the collective value of these individual units is frequently undervalued when bundled together under a single corporate entity. By executing a de-merger, these distinct businesses can unlock the necessary financial resources and managerial focus, fostering an environment more conducive to growth. This strategy focuses on investing in companies undergoing such spin-offs, providing an opportunity to capitalize on the potential for these now-separate entities to achieve their full growth potential and, consequently, garner appropriate market valuations. Additionally, this approach includes a keen eye on merger opportunities and other corporate actions that can similarly create value and offer attractive investment prospects.

#### **Reforms-Based Strategy**

The Reforms-Based Investment Strategy focuses on identifying and capitalizing on opportunities that arise from regulatory, governmental, or other significant reforms. This approach involves investing in companies that stand to benefit from changes in policy, legal frameworks, or government initiatives. For instance, regulatory reforms in sectors like renewable energy, healthcare, or telecommunications can open up new markets or create favorable conditions for certain businesses. Similarly, governmental initiatives in infrastructure or digitalization can accelerate growth in related industries. This strategy requires a keen understanding of the implications of such reforms and the ability to foresee which sectors and companies are likely to gain. The objective is to leverage these reform-induced shifts, investing in entities that are well-positioned to thrive in the evolving regulatory and policy landscape, thereby offering potential for robust returns.

#### **Undervalued HoldCo Strategy**

The Holdco strategy targets holding companies that primarily function as group holding entities rather than as strategic investment firms. This operational approach often leads to these companies being persistently undervalued in the market. However, these valuation discounts are not fixed and can fluctuate. The strategy focuses on identifying holding companies with robust underlying businesses that are currently experiencing significant undervaluation, which is expected to improve. This anticipated improvement is often driven by changes in the regulatory environment that prompt action from the company's promoters. In the interim, this strategy also aims to benefit from the general upward trend in the market, which contributes to narrowing the gap between the company's market value and its intrinsic value.

#### **Premiumization**

The Premiumization Trend Strategy is centered on the growing shift towards high-end, branded products among the expanding middle and upper-middle classes in India, as per capita incomes rise. This strategy targets investments in companies that are successfully navigating the balance between offering aspirational, premium products and adhering to the value-for-

money ethos deeply ingrained in Indian consumers. It focuses on businesses that excel in creating strong brand identities and position their products effectively at attractive price points. The key is identifying companies that are not just elevating their product offerings but are also adept at tapping into the evolving consumer mindset, where quality, brand reputation, and perceived value play a crucial role in purchase decisions. This approach aims to capitalize on the burgeoning demand for premiumization across various sectors, from consumer goods and electronics to fashion and lifestyle, leveraging the potential for significant growth as consumer trends continue to evolve towards premium consumption.

#### **Trends sustainable over time**

The Trends Investment Strategy focuses on identifying and leveraging primary trends that demonstrate resilience and sustainability over both short and long-term cycles within various sectors. This approach involves investing in industries and companies that show consistent patterns of growth, demand, and profitability, regardless of the broader economic cycles. By deeply analyzing market trends, consumer behaviors, and industry dynamics, this strategy aims to pinpoint sectors that are not only thriving in the current economic climate but are also poised for sustained success across different market cycles. Key sectors might include technology, healthcare, consumer staples, or renewable energy, which often exhibit enduring demand and growth potential. The objective is to capitalize on these cyclical trends, targeting investments in companies with strong fundamentals, robust business models, and the ability to adapt and grow through various market conditions, thereby offering potential for stable and continuous returns over time.

#### **Innovation & Technological Disruptions**

The Innovation and Technological Disruptions Strategy is predicated on the immense growth potential presented by groundbreaking innovations and the disruptive impact of new technologies. This investment approach zeroes in on companies at the forefront of technological advancement or those adeptly integrating cutting-edge technologies into their business models. The focus is on sectors experiencing rapid transformation due to innovations such as artificial intelligence, blockchain, biotechnology, renewable energy, and next-generation telecommunications. By identifying companies that are either pioneers of these disruptive technologies or are leveraging them to redefine their industries, the strategy aims to capitalize on the significant growth trajectories and market opportunities these innovations create. This approach requires a forward-looking perspective, targeting investments in entities that are not only adapting to technological changes but are leading the charge in reshaping the business landscape for the future. The goal is to harness the potential of these technological disruptions for substantial long-term returns.

#### **Organized Shift**

The Shift from Unorganized to Organized Sector Strategy capitalizes on the significant transition occurring in various industries, where reforms like the Goods and Services Tax (GST) in India are catalyzing the movement of businesses from the unorganized to the organized sector. This investment approach focuses on companies that are well-positioned to benefit from this fundamental shift, driven by ongoing and future reforms in tax, labor, and other regulatory frameworks. As these changes encourage more businesses to formalize, organized entities are poised to capture increased market share from their unorganized counterparts. The strategy also considers the ongoing restructuring of supply chains and the formalization of retail trade, which further accelerates this transition. Investments are targeted towards companies that demonstrate the ability to adapt their business models and enhance efficiency

	<p>in this evolving landscape. The objective is to identify and invest in businesses that are not only adapting to these regulatory changes but are also at the forefront of transforming the way business is conducted in India, thus standing to benefit significantly from this shift.</p> <p><b>New &amp; Emerging Sectors</b></p> <p>The New and Emerging Sectors Strategy focuses on identifying and capitalizing on the potential of industries that are in their nascent stages of development and remain largely under the radar. This investment approach seeks out sectors that are small, burgeoning, and often overlooked due to their early stage in the growth cycle. The key is to pinpoint industries that are poised for significant expansion and disruption, driven by innovations, changing consumer trends, or unique market needs. Such sectors might include advanced materials, niche technology areas like quantum computing, or emerging health tech segments or new consumer categories. The strategy involves a deep dive into market research and trend analysis to uncover these hidden gems that, while currently small and underexplored, have the potential to grow exponentially and become market leaders in the future. Investments are directed towards companies within these sectors that show promise of scalability, innovation, and the ability to carve out a new market space. The goal is to get in early on these emerging sectors, seizing the opportunity for high growth potential and significant returns as these industries mature and gain mainstream recognition.</p> <p>Though every endeavour will be made to achieve the objectives of the Scheme, the AMC/Sponsor/Trustees do not guarantee that the investment objectives of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.</p> <p>For detailed derivative strategies, please refer to SAI.</p> <p><b>PORTFOLIO TURNOVER</b></p> <p>The Scheme is an open-ended scheme. It is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.</p> <p>There may be an increase in transaction cost such as brokerage paid, if trading is done frequently. However, the cost would be negligible as compared to the total expenses of the Scheme. Frequent trading may increase the profits which will offset the increase in costs. The fund manager will endeavor to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. However, it is difficult to estimate with reasonable accuracy, the likely turnover in the portfolio of the Scheme. The Scheme has no specific target relating to portfolio turnover.</p>
<b>Risk profile of the scheme</b>	<p><b>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment.</b></p> <p><b>Scheme specific Risk Factors are summarized below:</b></p> <p>Investing in a thematic fund is based on the premise that the Fund will seek to invest in companies belonging to specific sectors/theme. This will limit the capability of the Fund to invest in other opportunities. Special Situations are out of the ordinary situations that companies find themselves in, from time to time. Such situations present an investment opportunity to the Fund Manager who can judge the implications of that opportunity that can unlock value for investors. Such trades are subject to investment style risk; the schemes'</p>

performance may not be in line with the general market in scenarios of strong upward or downward cycles. Further, the prices of securities invested by the scheme may not behave as expected by Fund Manager; this may affect the returns of the scheme adversely. The scheme will involve active monitoring and may lead to changes in the portfolio involving both sale and purchase of the existing stocks and purchase of new stocks, if any.

**Risks associated with investments in Equity and Equity related instruments:**

Investments in equity and equity related securities involve a degree of risk and investors should not invest in equity schemes unless they afford to take the risk of losing their investment. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. Volatility in the capital markets, changes in policies of the Government, taxation laws or any other political and economic development may negatively affect the prices of the securities invested in by the Scheme. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of the investments. The Scheme may inter-alia also may be exposed to the risk arising from over exposure to few securities/issuers/sectors.

**Risks associated with Derivatives**

The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations. The use of derivatives requires an understanding of the underlying instruments and the derivatives themselves. The risk of investments in derivatives includes mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

**Risk Associated with covered call strategy**

The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the Scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the Scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

**Risks associated with investments in Fixed Income Securities:**

The NAV of the Scheme, to the extent invested in fixed income securities, will be affected by changes in the interest rates due to various factors such as government borrowing, inflation, economic performance etc. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates. Investments in Fixed Income securities may inter-alia carry Re-investment Risk, Spread Risk, Credit/Default Risk, Liquidity Risk, Prepayment Risk, etc.

**Risk associated with investing in Foreign Securities**

Subject to necessary regulatory approvals and within the investment objectives of the Scheme, the Scheme may invest in overseas markets which carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital

due to exchange controls and political circumstances. It is AMC's belief that investment in foreign securities offer new investment and portfolio diversification opportunities into multi-market and multicurrency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme may invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme.

**Risks associated with Short Selling & Securities Lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.

Short-selling is the sale of shares or securities that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock/security he shorted and returns the stock/security to the lender to close out the loan. The inherent risks are Counterparty risk and liquidity risk of the stock/security being borrowed. The security being short sold might be illiquid or become illiquid and covering of the security might occur at a much higher price level than anticipated, leading to losses.

**Risks associated with investing in Securities Segment and Tri-party Repo trade settlement**

The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time i.e. in the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund.

**Risks associated with transaction in Units through stock exchange(s):**

In respect of transaction in Units of the Scheme through Bombay Stock Exchange ("BSE") and / or National Stock Exchange ("NSE"), allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by NSE and / or BSE and their respective clearing corporations on which the Fund has no control.

**Risks associated with Restrictions on Redemption:**

The Trustee and the AMC may impose restrictions on redemptions when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets. Accordingly, such restriction may affect the liquidity of the Scheme and there may be a delay in investors receiving part of their redemption proceeds.

**Risks associated with Segregated portfolio:**

The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event at issuer level i.e. downgrade in credit rating by a Credit Rating Agencies (CRA) or

	<p>actual default of either the interest or principal amount, in case of its unrated debt or money market instruments. Accordingly, Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer. The Security comprises of segregated portfolio may not realise any value.</p> <p>Further, listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.</p> <p>Please refer the SID for further details. For details on risk factors and risk mitigation measures, please refer SID.</p>
<b>Plans and Options</b> Plans/Options and sub options under the Scheme	<p>There will be two plans under the Scheme namely, Regular Plan and Direct Plan.</p> <ul style="list-style-type: none"> <li>Samco Special Opportunities Fund – Regular Plan</li> <li>Samco Special Opportunities Fund – Direct Plan</li> </ul> <p><b>Regular Plan:</b> This Plan is for investors who wish to route their investment through any distributor.</p> <p><b>Direct Plan:</b> This Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Mutual Fund and is not available for investors who route their investments through a Distributor.</p> <p>All the plans will have common portfolio.</p> <p><b>Option under each Plan(s)</b></p> <p>Growth Option</p> <p>For detailed disclosure on default plans and options, kindly refer SAI.</p>

Past performance may or may not be sustained in future and should not be used as a basis of comparison with other investments. Since inception returns of the scheme is calculated on face value of Rs. 10 invested at inception. Different Plans i.e. Regular Plan and Direct Plan under the scheme has different expense structure.

Note: Returns are absolute for period less than 1 year. Returns are compounded annualized for period more than or equal to 1 year. The returns are based on growth option NAVs. \*The data is as on April 30, 2025. The benchmark for the Scheme is NIFTY 500 Index TRI. In case, the start date or the end date of the concerned period is a non-business day, the NAV of the previous business day is considered for computation of returns.

Any circular/clarification issued by SEBI in regard to expenses chargeable to the Scheme/Plan(s) will automatically become applicable and will be incorporated in the SID/SAI/KIM accordingly.

The mutual fund would update the current expense ratios on its website ([www.samcomf.com](http://www.samcomf.com)) at least three working days prior to the effective date of the change. Investors can refer 'Total Expense Ratio of Mutual Fund Schemes' section on <https://www.samcomf.com/total-expense-ratio> for Total Expense Ratio (TER) details.

**Illustration of impact of expense ratio on scheme's returns**

For any scheme, NAV is computed on a daily basis factoring in all the assets as well as liabilities of the Scheme (including expenses charged). Expenses charged to the Scheme bring down its NAV and hence the investor's net returns on a corresponding basis.

Illustration of expenses and impact on the return	
Opening NAV Per Unit for the Day (a)	10.0000
Closing NAV Per Unit for the Day (b)	11.0000
NAV Movement Per Unit (c = a - b)	1.0000
Flat Return for the Day after expenses ( d = (c / a) %)	10.00%
TER % (e)	2.00%
Expenses for the Day (f = (b * e)/365)	0.0006

The stamp duty will be deducted from the net investment amount i.e. gross investment amount less any other deduction like transaction charge. Units will be created only for the balance amount i.e. Net Investment Amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis.</p> <p>For instance: If the transaction amount is Rs. 100,100 /- and the transaction charge is Rs. 100, the stamp duty will be calculated as follows: <math>((\text{Transaction Amount} - \text{Transaction Charge}) / 100.005 \times 0.005)</math></p> <p>= Rs. 5. If the applicable Net Asset Value (NAV) is Rs. 10 per unit, then units allotted will be calculated as follows: <math>(\text{Transaction Amount} - \text{Transaction Charge} - \text{Stamp Duty}) / \text{Applicable NAV} = 9,999.50 \text{ units}</math>.</p>

#### X. PREVENTION OF MONEY LAUNDERING AND KNOW YOUR CUSTOMER (KYC)

According to SEBI Guidelines under 'The Prevention of Money Laundering Act, 2002', Mutual Funds are required to follow enhanced know your customer (KYC) norms. Further, SEBI has also notified SEBI (KYC Registration Agency) Regulations, 2011 on December 23, 2011 with a view to bring uniformity in KYC requirements for the securities market and to develop a mechanism for centralization of the KYC records. Accordingly the following procedures shall apply:

- SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investment Schemes, etc. New Investors are therefore requested to use the common KYC Application Form and carry out the KYC process including IPV with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are also available on our website [www.samcomf.com](http://www.samcomf.com).
- The Fund shall perform the initial KYC of its new investors and may undertake enhanced KYC measures commensurate with the risk profile of its investors in line with the aforementioned circulars/circulars issued by SEBI in this regard from time to time. The Fund shall upload the details of the investors on the system of the KYC Registration Agency ("KRA"). The Registrar & Transfer Agent of the Fund viz. KFin Technologies Limited ("Kfin") may also undertake the KYC of the investors on behalf of the Fund. On receipt of the KYC documents from the Fund, the KRA shall send a letter to the investor within SEBI stipulated timelines, confirming the details thereof.
- Once the investor has done KYC with a SEBI registered intermediary, the investor need not undergo the same process again with another intermediary but can submit the letter/acknowledgment issued by the KRA.
- It is mandatory for intermediaries including mutual funds to carry out IPV of its new investors. The IPV carried out by any SEBI registered intermediary can be relied upon by the Fund. Samco Asset Management Private Limited and NISM/AMFI certified distributors who are Know Your Distributor (KYD) compliant are authorized to undertake the IPV for mutual fund investors. Further, in case of any applications received directly (i.e. without being routed through the distributors) from the investors, the Fund may rely upon the IPV (on the KYC Application Form) performed by the scheduled commercial banks.
- Existing KYC compliant investors of the Fund can continue to invest as per the current practice. However, existing investors are also urged to comply with the new KYC requirements including IPV as mandated by SEBI.
- Application Form not accompanied by KYC Application Form or letter/acknowledgment issued by KRA may be rejected by the Fund. The KYC compliance status will be validated with the records of the KRA. AMFI reserves the right to call for any additional information from the investors/applicant/reject applications/subsequent application in order to fulfill the requirements of PMLA norms prescribed by SEBI/PMLA Regulation from time to time.

#### XI. PURCHASE/REDEMPTION OF UNITS THROUGH STOCK EXCHANGE INFRASTRUCTURE

The investors can subscribe to the Units of the Scheme through Mutual Fund Service System ("MFSS") platform of National Stock Exchange, "BSESTAR MF" platform of Bombay Stock Exchange.

Please refer Scheme Information Document(s) of the Scheme(s) for further details.

#### XII. TRANSACTION CHARGE IN RESPECT OF APPLICATIONS ROUTED THROUGH DISTRIBUTORS/ BROKERS:

In terms of SEBI circular no. CIR/ IMD/ DF/ 13/ 2011 dated August 22, 2011, as amended from time to time, Transaction Charge per subscription of ₹ 10,000/- and above shall be charged to the investors w.e.f. November 1, 2011 and paid to the distributors/ brokers (who have opted in for transaction charges) in respect of applications relating to new subscriptions only (lumpsum and SIP), subject to the following:

- In case of SIPs, transaction charge shall be applicable only if the total commitment through SIP amounts to ₹ 10,000/- and above. In such cases the transaction charge would be recovered in 4 installments, starting from the 2nd to 5th instalment.
- There shall be no transaction charge on subscription of below ₹ 10,000/-.
- There shall be no transaction charge on transactions other than purchases/ subscriptions relating to new inflows.
- There shall be no transaction charge on direct investments.
- There shall be no transaction charge on subscriptions carried out through the Stock Exchange Platform.

In accordance with SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, distributors shall also have an option either to opt in or opt out of levying transaction charge based on type of the product.

The Transaction Charge as mentioned above shall be deducted by the AMC from the subscription amount of the unitholder and paid to the distributor and the balance shall be invested.

#### XIII. EMPLOYEE UNIQUE IDENTIFICATION NUMBER (EUID):

SEBI has made it compulsory for every employee/ relationship manager/ sales person of the distributor of Mutual Fund products to quote the EUID obtained by him/her from AMFI in the Application Form. EUID, particularly in advisory transactions, would assist in addressing any instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Individual ARN holders including senior citizens distributing Mutual Fund products are also required to obtain and quote EUID in the Application Form. Hence, if your investments are routed through a distributor please ensure that the EUID is correctly filled up in the Application Form.

However, if your distributor has not given you any advice pertaining to the investment, the EUID box may be left blank. In this case, you are required to provide a duly signed declaration to this effect. Distributors are advised to ensure that the sub broker affixes his/her ARN code in the column separately provided in addition to the current practice of affixing the internal code issued by the main ARN holder and the EUID of the Sales Person (if any) in the EUID space.

#### XIV. BENEFICIAL OWNERSHIP DETAILS:

Under the Prevention of Money Laundering Act, 2005 ("PMLA"), all intermediaries including mutual funds are required to obtain sufficient information from their clients in order to identify and verify the persons who beneficially own or control the account. SEBI circular dated January 24, 2013 on identification of Beneficial Ownership has prescribed a uniform approach to be followed for determination of beneficial owners. A 'Beneficial owner' is defined as a natural person/s who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, which includes persons who exercise ultimate effective control over a legal person or arrangement.

All categories of investors except individuals, company listed on a stock exchange or majority owned subsidiary of such company, are requested to provide details about beneficial ownership in the Application Forms for all their investments. The Fund reserves the right to reject applications/restrict further investments or seek additional information from investors who have not provided the requisite information on beneficial ownership. In the event of change in beneficial ownership, investors are requested to immediately update the details with the Fund/Registrar.

#### XV. FATCA DETAILS:

The Foreign Account Tax Compliance Act is a United States (US) federal law, aimed at prevention of tax evasion by US Citizens and Residents ("US Persons") through use of offshore accounts. The FATCA provisions were included in the HIRE Act enacted by the US legislature. FATCA is designed to increase compliance by US taxpayers and is intended to bolster efforts to prevent tax evasion by the US taxpayers with offshore investments.

As per SEBI circular no. CIR/MIRSD/2/2014 dated June 30, 2014, the Government of India and the US have reached an agreement in substance on the terms of an Inter-Governmental Agreement ("IGA") to implement the FATCA provisions, which have become globally applicable from July 1, 2014. FATCA requires enhancement of due diligence processes by the Foreign Financial Institutions ("FFI") so as to enable identification of US reportable accounts.

The Fund/ Asset Management Company ("the AMC") are likely to be classified as a FFI under the FATCA provisions in which case the Fund /the AMC would be required, from time to time, to (i) undertake necessary due diligence process by collecting information/ documentary evidence of the US/non US status of the investors; (ii) disclose/report information as far as may be legally permitted about the holdings/investment returns pertaining to reportable accounts to the US Internal Revenue Service and/or such Indian authorities as may be specified under FATCA or other applicable laws and (iii) carry out such other activities as prescribed under the FATCA provisions, as amended from time to time.

FATCA due diligence will have to be directed at each investor/unit holder (including joint investors) and on being identified as a reportable person/specified US person, all the folios will be reported. Further, in case of folio with joint investors, the entire account value of investment portfolio will be attributable under each such reportable person. Investors/Unit holders would therefore be required to furnish such information to the Fund/AMC, from time to time, in order to comply with the reporting requirements stated in the IGA and/or circulars/guidelines issued by SEBI/AMFI in this regard.

The impact of FATCA is relevant not only at the point of on-boarding of the investors but also throughout the life cycle of the investor account / folio with the Fund. Hence investor(s) should immediately intimate the Fund/AMC, in case of any change in the FATCA related information provided by them at the time of initial subscription.

The Fund/AMC reserves the right to reject any application or compulsorily redeem the units held directly or beneficially in case the applicant/investor fails to furnish the relevant information and/or documentation or is found to be holding units in contravention of the FATCA provisions.

Investors are advised to consult their tax advisors to understand the FATCA requirements and its implications in relation to their investment.

#### XVI. CENTRAL KYC RECORDS REGISTRY (CKYCR):

The Government of India vide their Notification dated November 26, 2015 authorised the Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the Central KYC Records Registry under the said rules, including receiving, storing, safeguarding and retrieving the KYC records under the Prevention of Money Laundering Act, 2002. SEBI required all the market intermediaries to update/upload KYC details of the new customer/investors (not KYC-KRA compliant) on CERSAI's online platform. CERSAI is a centralized repository of KYC records of customers/ investors in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer/investors creates a new relationship with a financial entity. Central KYC (CKYC) will store all the customer/investor information at one central server that is accessible to all the financial institutions. After opening a KYC account under the CKYC, customer/investor will get a 14-digit identification number ("KYC Number") and that the same may be quoted by the investor wanting to invest in mutual funds. Further, the Mutual Fund/AMC is required to check whether the PAN of the investor has been updated in CKYCR. In case the PAN has not been updated, the Mutual Fund/AMC shall collect a self certified copy of the investor's PAN card and update/upload the same in CKYCR. In case the Investor uses the old KRA KYC form for updating of any KYC information, such investor shall be required to provide additional/missing information only by using the supplementary CKYC form or fill the new "CKYC form".

#### XVII. DEMATERIALIZATION:

The unit holders would have an option to hold the units in dematerialized form. The applicant intending to hold units in dematerialized form will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP ID, DP Name and Beneficiary Account No. with the DP name at the time of subscribing to the units of the Scheme. Applicants must ensure that the sequence of the names as mentioned in the application form matches with that of the beneficiary account held with the Depository Participant. Names, Address, PAN details, KYC Details etc. mentioned in the application form will be verified against the Depository data. If the details mentioned in the application (other than ASBA applications) are incomplete / incorrect or not matching with the depository records, the application shall be treated as application for non-demat mode and accordingly units will be allotted in non-demat mode. Note - In case of subscription of units through SIP in demat (electronic) mode, unit holder will not be able to redeem / transfer such units till units are credited to investor's Demat (Beneficiary) account. Unit holders who have opted to hold units in dematerialized form will receive payment of redemption proceeds into bank (i.e. beneficiary) account linked to their Demat account. Units held in demat form are freely transferable from one demat account to another demat account.

#### XVIII. LEGAL ENTITY IDENTIFIER:

RBI vide circular dated January 2021 on "Introduction of Legal Entity Identifier for Large Value Transactions in Centralized Payment Systems" decided to introduce the LEI system for all payment transactions of value INR 50 crore and above for Real Time Gross Settlement (RTGS) and National Electronic Funds Transfer (NEFT) from April 1, 2021. In view of the same it will be mandatory to include 20-digit Legal Entity Identifier (LEI) information while initiating any transaction of value INR 50 crore and above by entities (non-individual) for purchase and redemption transaction.

#### XIX. DECLARATION AND SIGNATURE:

- All the applicants must sign the application form. Application on behalf of minor should be signed by their natural parent or legal guardian. Signatures should be in English or in any Indian language. Thumb impression should be from the left hand for males and the right hand for females and in all cases be attested by a Magistrate, Notary Public or Special Executive Magistrate. In case of HUF, the Karta will sign on behalf of the HUF.
- The original Power of Attorney or a duly notarized copy of the Power of Attorney shall be required to be submitted where applications are made under a Power of Attorney
