

Rebalancing of Portfolio of Samco Multi Cap Fund as per Mandated Asset Allocation Pattern

Background:

To ensure consistency in portfolio rebalancing timelines, Securities and Exchange Board of India (SEBI), as per point 2.9 of SEBI master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, has outlined specific timelines for rebalancing Mutual Fund scheme portfolios. The said circular mandates that the deviations of the asset allocation due to passive breaches must be rebalanced within 30 business days. In case the portfolio is not rebalanced within 30 business days, then justification in writing including details of efforts taken to rebalance the portfolio needs to be placed before the Investment Committee. The Investment Committee, if it so desires, can extend the timeline upto 60 business days from date of completion of mandated rebalancing period to rebalance the portfolio.

Further, in a clarification dated June 29, 2022, SEBI stated that the reporting to Trustees to be initiated after the expiry of mandated rebalancing period of 30 business days and the fact of deviation should also be disclosed on the website of the AMC.
